˚Yes for this chapter Nazi is going to be the father but in other (if he is going to be) he will be the brother even sister

•Cringy and lazy chapter because it's like close to 5am-

Germany was overworking himself for days or even weeks but he couldn't stop himself neither his father could "Germany please it's time for dinner you need to stop" Nazi said in a soft warming voice **"SHUT UP AND STOP BEING SO OVERPROTECTIVE YOU FUCKING PIECE OF SHIT"** He grabbed his father from his hand and threw him on the wall and then started kicking him.

Then Poland entered his house **(ARE YOU A WIZARD POLAND-)** "Cześç Niemcy" Poland said and hugged Germany pushed him off him **"I have no time for this Schlampe" (google translate for the German one sorry)** Poland was shocked and tried to run into his room but instead Germany pushed him out "NIEMCY OPEN THE DOOR PLEASE" Poland screamed **"NEIN"** Germany replied "Niemcy proszę!" Poland cried out Germany opened the door and dragged Poland in.

Germany kissed his lover while both of them were crying **"BITTE POLEN I'M SORRY I WAS-"** "It's okay Niemcy" Poland replied "Let's go my pierogi is waiting" Poland said and then both of them went to Poland's paper box *(his house)* And had some ***fun~***

I regret making this

Niemcy = Germany

Prosçe = please

Bitte = please

Shlampe = slut

Polen = Poland

Smut! Hard day Ussr x....Ussr?

Smut warning and cringe af

Soviet Union came back from work. He has been working for hours non-stop he removes his big boots before entering the house, "full of ice....again" he thought as he walked to his room still wearing his fluffy coat way to lazy to remove it....as always he fell on his bed and drifted to sleep immediately...

Soviets POV

*I was on the floor...I couldn't see anything until my children entered the room all of them with a huge grin "**what do you want?!**" I yelled "**to get rid of you father**" all of them said "**HET you can't do that!**" I said crying "**yes we can we had enough of you and your selfishness**" they grabbed me by my arms and threw me into a dark void.*

2 hours later (third pov)

Soviet woke up in cold sweat only to see another red figure on top of him he lid a candle only to see...himself removing Soviet's clothes "**w-what do you want**" Soviet said in fear "**you~**" the other one responded and picked him up in bridal style and went to the bathroom both of them lied in the bathtub and opened the tap.

Soviet's (bottom) POV

I could feel the warm water on me I was ready to sleep until I heard a whisper "**no time for this babe~**" I opened my eyes and saw the other Soviet on top of me. **(Small af sorry)**

Third POV

The Soviet on top of him couldn't hold anymore so he thrusted his whole 13 inches thick **(THICC)** length in him, Soviet screamed and moaned loudly with vodka dears running down the Soviet on top of him thrusted his whole length in and out. After 3 thrusts he came

on the other ones face and chest "**thank you~**" the Soviet on top of him said and licked the cum around his lips time after 1 second he came into Soviet, both of them moaned loudly and fell asleep into the bathtub full of water and cum
